Dr. Robin Cicchetti, Graduation Speaker

Robin Cicchetti is the CCHS head librarian and teaches College Board AP Capstone courses. Robin has a doctorate in education from Northeastern University, where her dissertation focused on transitioning a traditional school library into a learning commons model. Robin is also a Visiting Professor at the Salem State University McKeown School of Education. Robin was co-author of the Massachusetts School Library Study: *Equity and Access for Students of the Commonwealth* (2017). In 2023, the Peabody Journal of Education published her follow-up research, *New Perspectives of Equity, Access, and Meaningful Use of School Library Resources and Services*.

Robin grew up in Wayland, Massachusetts, and attended Wayland High School, Emerson College, the University of Massachusetts, Cambridge College, and Northeastern University. Before moving to Concord, Robin lived abroad and worked in school libraries in the UK and Switzerland. Upon returning to the US, Robin worked as school librarian at the Willard School for eight years and then joined CCHS in 2007. A few years later, CCHS became one of the first schools in the country to offer the AP Capstone Seminar and Research courses when Robin participated in the College Board pilot to launch these courses. Teaching AP Capstone has been a professional joy as she watches students develop and refine their skills in source search, source evaluation, critical thinking, scholarly reading and writing, and ultimately developing their own year-long research project. Since joining CCHS, she has been the faculty advisor for reading clubs that support a lifelong love of reading. Robin has been a valuable member of the CCHS Leadership Team and the 9th Grade Academy for many years.

In her personal life, Robin enjoys spending time with her amazing children and grandchildren. From May to September, she can be found most every early morning swimming across White Pond.
